

Truman Gives Congress Tax Bill Veto; To Vote Promptly

The House overrode Truman's veto early this afternoon, 311 to 88, 45 more votes than was necessary. The measure has been sent to the Senate.

Washington, April 2 (AP)—President Truman today vetoed the \$4,800,000,000 tax reduction bill.

In a message to Congress, he said it would "undermine the soundness of our government finances at a time when world peace depends upon the strength of the United States."

The President also said the Republican-sponsored measure "is inequitable as well as untimely."

Ready For Quick Vote
Congressional leaders had anticipated a veto and had their lines all set for a quick vote on the question of passing the bill over Mr. Truman's disapproval.

That takes a 2 to 1 vote in both House and Senate. Leaders said they had the votes and plenty to spare.

Congress sent the bill to Mr. Truman last Wednesday. It cuts taxes on 1948 income for all the 52,000,000 income tax payers and frees 7,400,000—those with smaller incomes—from any income taxes at all.

"Bad Policy"
The cut ranges from 12 1/2 per cent in the lowest bracket to five per cent in top brackets.

Mr. Truman sent the legislators a 2,000-word veto message.

"It is a bad policy," he said, "to reduce taxes in a manner which would encourage inflation and bring greater hardship, not relief, to our people. It is a bad policy to endanger the soundness of our National finances at a time when our responsibilities are great in an unsettled world."

The President said, too, that he is confident the men and women of this country "prefer the maintenance of our National strength to a reduction in taxes under the present circumstances."

Third Tax Cut Veto
"I consider it my clear duty, therefore, to return H.R. 4790 (the tax bill) without my approval."

While \$4,800,000,000 is the figure Congress members have used as an estimate of the tax cut the bill would make, Mr. Truman said it would be \$5,000,000,000.

This was the third tax-cutting measure the President has vetoed in a year. Last year he returned two such measures to Congress without his signature and Congress sustained him both times.

Will Weaken Nation
At the outset in today's message the President said: "My fundamental objection to the bill is that it would not strengthen, but instead would weaken, the United States."

He gave two reasons. He said it would reduce government revenues to such an extent as to make likely a deficit at a time when "responsible conduct of the financial affairs of this nation requires a substantial surplus in order to reduce our large public debt and to be reasonably prepared against contingencies."

Secondly, he said the bill would greatly increase the danger of further inflation "by adding billions of dollars of purchasing power at a time when demand already exceeds supply at many strategic points in the economy, and when government expenditures are necessarily rising."

MUST REPLACE GAS LINES ON LINCOLN ROAD

Road crews have started work on the relocation of the Lincoln highway from a point east of McKnightstown to beyond Fayetteville in Franklin county.

Crews are cutting trees, burning brush and doing general clearing above Cashtown preparatory to the digging and filling of the new route which will have an 80-foot right-of-way. A few pieces of heavy equipment have been moved into the area.

The Gettysburg Gas Corporation and the Manufacturers Light and Heat Corporation will start soon to relocate gas lines along the route.

The Gettysburg company will have to relocate approximately 17,000 feet of gas lines from McKnightstown to Fayetteville where the present lines parallel the present route. The present 3-inch pipe will be replaced with a 4-inch steel pipe. In many places it will have to be lowered.

Scarcity of Pipe
The Manufacturers Light and Heat will replace three, 8-inch lines which will cross the new Lincoln highway near Cashtown. Approximately 340 feet of line will be replaced. This work is expected to start Monday.

W. H. Hanna, division superintendent for the company will be in charge of the work. He directs his own permanent work crews.

Gene Williams, manager of the Gettysburg company, will supervise the replacing of the 17,000 feet of pipe.

Scarcity of pipe may delay completion of the work, Messrs Williams and Hanna said.

Most people cannot fully appreciate a hospital unless they have been patients or have some knowledge of the countless facilities available there to cure and heal . . . and the untiring efforts of the personnel to make patients comfortable and relieve them of their ailment and suffering.

Carroll McGee, who conducts a business of curing and smoking hams here, recently was a Warner hospital patient. After his discharge he addressed a communication to us that is self-explanatory. It is a pleasure to publish it in full as follows:

"As a comparative newcomer to Adams county, I've read a good many statistics about the Warner hospital. Nowhere have I read how those figures were compiled. An adding machine tape gives the totals of patients treated, babies born and operations performed, but who compiled the figures?"

"I believe I found the answer in a recent five-day stay at the hospital. Human beings compiled those figures, and did it the hard way. Night and day, twenty-four hours non-stop, from January 1 through December 31, year in, year out.

"What businessman or farmer would care to tackle a proposition like that? Your stores close Thursday afternoons—but not your hospital. What would happen (Continued on page 2)

EXPECT PACKED HOUSE TONIGHT AT LIONS' SHOW

Gettysburg Lions expect to repeat their "1948 Minstrel Revue" before a packed house this evening at 8 o'clock in the Gettysburg high school auditorium after entertaining a near capacity crowd in the initial performance Thursday evening.

The Lions obviously had a wonderful time putting on their "Dark-town" show and the antics of several dozen of the town's best known citizens in black-face and minstrel costumes added to the merriment for the audience.

The hit of the show was the intermission appearance of the "Deep South Double Sextette" in which a dozen brawny and angular Lions, most of them with very bare and very black midriffs, jogged through their dance routines to the accompaniment of piano music by their director, Richard S. "Bud" Codori.

Often In Step
The dancers were often in step and much of the time most of them were kicking their dusky limbs in the same general direction at about the same time and elevation but the audience was too busy trying to identify the septa chorines to be disturbed by any flaws in their performance.

Some identifications were worked out when the sextette completed their final number by romping down (Please Turn to Page Two)

RECORD MANY TRANSFERS AT COURT HOUSE

The county register and recorder's office, following usual custom, was rushed Thursday, April 1, with a large number of deeds being filed on the date, the traditional "flittin' day" time for property transfers in the county.

However, clerks were often in step and much of the time most of them were kicking their dusky limbs in the same general direction at about the same time and elevation but the audience was too busy trying to identify the septa chorines to be disturbed by any flaws in their performance.

American Planes Fly Food, Passengers Into Berlin As British Take Freight Train In

By WES GALLAGHER
Berlin, April 2 (AP)—A score of American planes flew food and passengers into Berlin today and the British moved a freight train to the city despite the advertised Russian blockade of land traffic not submitting to Soviet inspection.

The British reported they had no special trouble in getting their train to the city. The U. S. Army issued orders for movement of a similar train tomorrow.

While the Soviets had announced that all incoming passenger trains and outgoing passenger and freight trains had to be inspected, their regulations on incoming freight were more vague. The Soviet order merely stated that incoming freight trains will be cleared "on the basis of accompanying documents." In the past, commanders of military freight trains operated by the western powers have presented waybills listing the trains' contents for border patrols.

British authorities said this procedure was followed on their train today, and the Americans prepared to try it tomorrow.

Earlier today the Russians, in rejecting western protests at traffic barriers, hinted at new moves to squeeze the American, British and French out of Berlin. The Soviet newspaper Taglieh Rundschau said sharper measures will be ordered if "present restrictions" do not end what the Russians describe as an excessive movement of Berlin's industrial assets toward the west.

Gen. Lucius D. Clay, U. S. commander, declared no evacuation is to be ordered for American women and children dependents of soldiers or military government workers.

"I have no intention of ordering any evacuation of dependents," Clay said in disposing of rumors. He added he had received no requests from dependents to be sent home from the "island of Berlin," surrounded by Soviet-occupied territory.

Two Injured While Changing A Tire

Two men were injured and treated at the Warner hospital here early this morning when their car was struck on the Biglerville road 3 1/2 miles north of Gettysburg while they were changing a tire.

State police of the Gettysburg sub-station reported that a car operated by Albert Brookhouse, Littlestown, and driven by Donald E. Harner, 33, of Prince street extended, Littlestown, going south, drove over on the east side of the highway and struck the car of Gerald F. LeRoy of Rochester, N. Y. LeRoy and a companion, Donald Kabel, Lancaster, N. Y. were changing a tire, police said.

LeRoy suffered contusions on the head, left elbow and right arm, and Kabel a lacerated left little and left middle fingers. State police placed the time of the accident as 3:30 a.m. Damage to the Brookhouse car was estimated at \$100 and to the LeRoy car \$50. Investigation is being continued.

OSCAR SPICER AGAIN HEAD OF JR. R.C. UNIT

Sluter, Junior Red Cross field representative for the Eastern area, the principal speaker, outlined methods of service employed by other Junior Red Cross chapters and suggested a number of activities for the local council in connection with shut-ins, inmates of the county home and the like.

Get Activity Reports
Reports on activities were presented by Grace Elgin of East Berlin and Janet McKenny of Gettysburg high school. Results of community surveys of ways in which the Junior Red Cross can serve were reported by Glenn Miller for East Berlin, Margel Hutter for Gettysburg, Betty Rebert, Littlestown, Margaret Smith, Delone and Mildred Baugher and Jean Haar of New Oxford.

A committee comprising Gladys Storm and Margaret Smith of Delone and William Mixon, East Berlin, was appointed to draw up plans for service activities next fall.

Mrs. Sarah Black Gideon, advisor of the East Berlin Junior Red Cross council, and the following officers of that council, President Grace Elgin, Vice President Richard Myers, Secretary Ada Mae Dickey and Treasurer Glenn Miller acted as hosts and hostesses for the session.

SUM AVAILABLE AS LAST RESORT IN HEALTH WORK

The sum of \$1,410 will be available to Adams county during the next two years to provide medical, dental and surgical care for youngsters whose parents are unable to pay for such care, Mrs. Verna Myers, Adams County Assistance director, told the county Healing Arts Advisory committee Thursday at a meeting of the group held in the assistance office on North Washington street.

The money will be available only under certain conditions and the board voted that it be utilized in the best possible manner in order that the state legislature may be convinced of the value of the program and continue it in the future.

Acting as a final resort to provide medical, dental and other care for those youngsters who are found in the school medical examinations to need such care, the program provides that "medical, dental and surgical treatment" may be given to "school children whose parents or guardians state to the school authority that they are financially unable to have a physician or dentist of their choice render such care and who were referred by school authority for correction of defects disclosed in the school health programs."

BREAD, WATER DIET ENDS FOR FOUR PRISONERS

Four prisoners in the Dauphin county jail, two of them under sentence from Adams county, were off their bread and water diet today after promising Sheriff B. W. Spence and Deputy Sheriff John C. Shearer Thursday to "be good." The sheriff said he had been requested by Dauphin county authorities not to reveal the names of the prisoners involved.

Since the escape of Ray H. Simmons, Mechanicsburg R. D., who was convicted in Adams county and was under death sentence for the murder of Herbert Humpert, Gardner R. D., farmer, the prisoners in the Dauphin county jail had been locked separately in cells.

Simmons was re-captured at Charlottesville, Va., and returned to the jail at Harrisburg. Since that time, Sheriff Spence said, Dauphin county authorities have been attempting to learn, through other prisoners, who might have assisted Simmons and another prisoner who escaped with him, to break jail.

The sheriff said that the two Adams county prisoners and two from Dauphin county broke up the tables and stools in their cells, yelled and otherwise created a disturbance and could not be quieted by the jail staff. They were placed on bread and water for three days.

FRUIT GROWERS ARE OPPOSED TO DAYLIGHT TIME

The Adams County Fruit Growers, meeting at Biglerville Thursday evening, voted their opposition to daylight saving time and County Agent M. T. Hartman was directed to prepare a statement for publication showing the reasons why farmers in general are against moving the clock ahead for an hour during the summer months.

In a rising vote, 90 per cent of the 175 growers present voted in opposition to daylight time; none voted in favor of DST.

Nutritional requirements for orchards were outlined by J. U. Ruef, State college extension pomologist, who spoke of materials such as zinc, iron, copper, magnesium, sulphur, chlorine and boron that are needed for development of the fruit and which, when deficient, cause certain defects in fruit. There are no general rules for adding the elements, Ruef said. Although some experimental work has been done, symptoms of element deficiency have not been very distinctly marked as yet, he added.

GEN. SPAATZ TO RETIRE JULY 1

Washington, April 2 (AP)—Another of the little band of airmen who built American airpower into the mighty weapon it was in World War II is leaving.

Gen. Tooy Spaatz, a native of Bogertown, Pa., whose flying experience dates back to the expedition against Pancho Villa in Mexico before World War I, wants to retire.

When he does on July 1 he will join such military aviation pioneers as Gen. Hap Arnold and Lt. Gen. Jimmy Doolittle.

Spaatz, 56, gave no reason for his decision except to say in a letter to Air Secretary Symington that he feels "the time has arrived for this action." Symington replied to his chief of staff that his retirement "will be an irreparable loss."

For a successor President Truman, who announced Spaatz' decision, chose Gen. Hoyt S. Vandenberg, deputy chief since last October and nephew of the Michigan senator.

Until Vandenberg's appointment and promotion to temporary grade of full general last fall there had been speculation that Spaatz eventually would be succeeded by Gen. George C. Kenney or Gen. Joseph T. McNamary.

AWAIT ACTION IN COAL STRIKE

Washington, April 2 (AP)—Hopes of stopping the 19-day coal strike centered today on possible action by the White House or Congress. Government officials could see little chance of getting John L. Lewis and the mine owners to compromise their dispute over miners' pensions.

They said the only solutions appear to be either a White House move for a strike-halting court order, or steps in Congress to renew the President's wartime powers to seize the coal mines.

But President Truman delayed any court move for the moment.

Instead, he took along his fact-finding board's report on the pension dispute for study during his visit to Williamsburg, Va. After ceremonies at William and Mary college, he will return tomorrow.

Attorney General Clark cancelled plans to go to Columbia, S. C., today to address the South Carolina Bar association. The Justice department said the soft coal shut-down required him to stay in Washington.

No indications were given as to possible developments. However, Clark would figure in any court action Mr. Truman decides upon to end the strike.

will cause them to hatch, Pepper said. A three per cent oil with a mild bordeaux was recommended.

L. O. Weaver, extension specialist, urged growers to include a fungicide in the delayed dormant spray to meet the apple scab problem. With the rapid development of peach buds the brown rot problem is a major one, he pointed out. He stressed the importance of cultivation to destroy mummies. He also reported cherry leaf spot spores are developing rapidly and said that the spores are in such condition that leaf spot troubles will appear early this year.

A scheduled report by Frederic Griest, Sr., on the National Peach council, was postponed until the next meeting of the growers to be held later this month or early next month.

NAME OFFICERS FOR FAIR GROUP

Organization of the Adams County Fair, Inc., to handle the annual farmer's fair held at the Abbottstown fair grounds and to operate the grounds located between East Berlin and Abbottstown, was affected Thursday night at a meeting held in the office of the law firm of Bulleit and Bulleit in the First National Bank building here.

The new organization purchased the fair grounds for \$32,000 from Stewart V. Walker, New Oxford, who had secured the grounds in 1946, purchasing it from the United Farmers association which had conducted a fair there annually for years. Walker conducted a fair personally last year and the new organization plans to hold a fair this year starting August 17.

Elect Officers

Walker was named as president of the new organization with E. M. Gruver, East Berlin, vice president; Mary E. Elder, Abbottstown, secretary, and H. B. Strausbaugh, Hanover, treasurer.

In addition to the officers the following were named to the board of directors, Richard E. Crone, Dover; Howard J. Stuck, York; Eugene W. Sheely, New Oxford; and Russell E. Kehr, Hanover R. D.

Other stockholders besides the board and officers include Norman A. Trimmer, York; Melvin Zeilman, New Oxford; Lloyd E. Eckert, New Oxford; Kenneth A. Walker, New Oxford R. 1; Earl W. Jones, New Oxford R. 2; Ray L. Smith, New Oxford; Laurin E. Sheely, New Oxford; George M. Stock, New Oxford; Charles H. Smith, Abbottstown, and Miriam G. Walker, New Oxford.

not be public assistance recipients, but they must fill out forms showing inability to pay, and must show that the child was recommended for such care by the school authorities as a result of the school health programs. The dentist or doctor selected is the choice of the parents or guardians and the school system.

Mrs. Myers pointed out that the assistance board is seeking to arrange with school authorities for the program to be set up and that after it is in effect the duty of the assistance board will be to disburse the funds.

The healing arts group elected Frank Britcher, local druggist, as chairman for the coming year, and named Dr. C. H. Johnson, vice chairman and Dr. C. N. Gitt, secretary.

A large increase in the cost of medical care for assistance recipients was discussed with the group noting that since over 60 per cent of the assistance recipients in the county are older persons it is probable that they need more medical care than the average of those receiving assistance in the state. In addition many recipients reside in rural areas and thus are unable to secure transportation to the doctor's office, thus increasing the number of home visits. In addition, with the large number of doctors participating in the program in the county, the assistance recipients here are probably receiving more and better medical care than persons in other counties, the group pointed out.

pen if these people closed on holidays and Sundays, or hung out a sign, "Closed For Repairs" . . . "Will open soon under new management?" Yet I dare say most people take it for granted that it's their job and dismiss it forthwith.

"I arrived at the hospital last March 22 at 8 p. m. How fortunate for me that they don't observe store hours of 8 a. m. to 6 p. m. Many people would be sored on such a grind but the thing that amazed me was to find a group of pleasant and courteous people, as efficient as would be found in the most exacting industry. From porters and maids right up the line everybody moved with clock-like precision.

"One gentleman said to me: 'This is my ninth hospitalization and fifth hospital, and I've never experienced anything like this.'

"In my opinion a hospital cannot be any better than the sum total of its personnel. The Warner hospital has no adding machine tape large enough to reflect the value of the human total that makes it function.

"To anyone in doubt, I can say that the food is excellent and served while it is still hot. It was also gratifying to see the credit given by hospital officials to local organizations and fraternal groups for equipment and furnishings. The Warners and Musselmans can be proud of this institution. The people of this community can be both proud and thankful for it. But, without the untiring devotion and skill of the personnel it would be but a pile of brick, mortar and idle equipment.

"Don't ever sell the Warner hospital short. Support it wherever and whenever you can to your fullest extent. It needs your support but you may need its services far more than you think and you'll be eternally grateful for its services should the occasion ever arise when you are compelled to call on it."

the auditorium aisles with the house lights up.

Biggest hand went to George F. Eberhart, who led the dancing Lions and appeared in two specialty dance numbers. The others in the non-singing chorus line were Dr. Joseph H. Riley, Kenneth R. Dengler, Robert W. Troxell, M. P. Hartzell, Jr., D. L. Norman, T. D. Hay, Ralph E. Barley, V. Charles Keller, Richard C. Warren, C. S. Swisher and Donald M. Swope.

Identify Cast

The most of the best music of the evening was by the Lions ensemble of 16 voices with the crowd finding much pleasure in identifying the superintendent of schools, the district attorney, a few present or former school directors and other well known local figures perched on the stage with their faces blackened.

Veteran Endman Carl Menchey pulled down his share of the laughs of the evening as did D. E. Hess, both of the local Lions club. Hanover Lions provided Endmen Horace J. Stine and J. Richard Shultz, and the interlocutor, was George L. Meckley, also of Hanover.

There was a solo, "Four Leaf Clover" by John B. Kendlehart and Carl Menchey sang "Ain't She Sweet" as a specialty number. Charles Meschter of Gettysburg college and his "squeeze box" appeared as one of the intermission attractions.

"Hypnotist" Act

James Shenk, Dale Power and D. W. Smith presented a "hypnotist" act that involved shaving and surgery and there were special selections by the original Lions club chorus under the direction of Richard B. Shade.

D. E. Hess appeared in a specialty act that could have been a piccolo or flute solo but wound up as a harmonica and vocal act. There were jokes and songs by Stine and Shultz and then the good night chorus by the "entire company."

Ticket sellers and ushers also were in blackface for the show which is being presented for the benefit of the Lions club's charity fund.

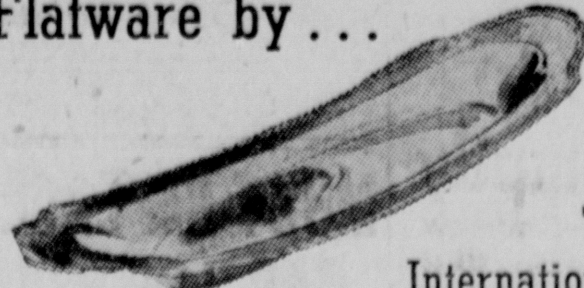

TO BE ROTARY GUESTS

Coach George Forney and the members of the Gettysburg high school basketball squad will be guests of the local Rotary club at its meeting Monday evening at 6 o'clock at the YWCA. Motion pictures of the 1947 Army-Navy football game will be shown.

MUSIAL CERTAIN HE WILL ALWAYS BE .300 HITTER

By Frank Eck

St. Petersburg, Fla., April 2 (AP)—Stan Musial, slugging St. Louis Cardinal, is looking forward to one of his good years, full of confidence that he will always hit above .300.

"I believe I can hit above .300 every year," says Musial, one of baseball's nicer guys. "I had all my tough breaks last season. I was in a terrific slump but even then I was hitting the ball hard. I always went into someone's hands."

"A .350 or a .370 hitter has got to be lucky. You need those breaks to hit that high. I hit about .350 the last half of the season but due to my poor start I wound up with .312."

Musial's balky appendix, of which he was relieved last October, is considered by almost everyone in camp as the reason for his poor hitting but Stan isn't one for excuses.

"I know my weight was off," says the Donora, Pa., slugger. "I'm fine now at 175 pounds but last year I was underweight at 163."

"If we could have gotten Frank McCormick when there was a chance to get him last season we might have been all right. Frank would have helped our hitting from the right side of the plate and I could have played the outfield."

May Switch Positions

McCormick was released by the Phils on May 14 and the next day the Boston Braves picked him up and he hit .333. Musial mentions first base because Dyer has been toying with the idea of putting Stan back in the outfield.

Either Dick Sisler, a southpaw swinger, or Vernal (Nippy) Jones, a righty, might fill the bill. Sisler hit only .203 last year but is powdering the ball in exhibition games. Jones led the International league, batting .337 for Rochester. He is only 22 and normally a second baseman but Dyer reminds everyone that Brooklyn's Jack Robinson never played first base until last year.

Everyone wants to pick the Cards to win the pennant—with reservations. Most are afraid the club is getting old and does not have the dash that carried it to pennants in 1942, 43, 44 and 46. Others are fearful that the Red Birds lack depth. Dyer answers all these questions without hesitating although he fears Brooklyn and Boston.

Youngsters Failed

"It was the young fellows who hurt us," says Eddie. "Musial fell off and he's only 27 and Howie Pollet is only 26. He won nine games for us after 21 victories in 1946 and we only lost the pennant by five."

"Brooklyn has a strong bench, fellows like Cookie Lavagetto and Arky Vaughan. Lavagetto got two hits to win two close games from us. Vaughan got a triple to tie the score in one game I think we lost. They are older players but good to have around."

"We've got some young players coming up this year but whether they will produce is another thing." Dyer is high on four pitchers—Southpaw Ken Johnson, Clarence Beers, Al Pappal and Gerald Staley. Johnson pitched a one-hitter against the Cubs late last season while Beers and Pappal won 25 and 21, respectively, for Houston in the Texas league. Both turned in four wins in the playoffs. Johnson is a terrific fielder for a pitcher and is being regarded as another Willie Sherdel in stopping grounders to the box. Staley beat the Pirates in his only big league start and won six and lost one for Columbus.

St. Louis Bombers Beat Warriors 69-62

New York, April 2 (AP)—If the Philadelphia Warriors are going to repeat as champions of the Basketball Association of America, they will have to do it the hard way.

The Warriors trail the St. Louis Bombers, three games to two, in their first place playoff series. To come out on top they'll have to win the remaining two contests. The series moves to Philadelphia tomorrow night, but if the Warriors win they have to go back to St. Louis for the clincher on Tuesday.

It was all St. Louis last night as the Bombers won, 69 to 62, before 9,460—largest crowd ever to see a professional game in the Mound City.

Meanwhile, in Baltimore, the Baltimore Bullets eliminated the New York Knickerbockers from the second place playoffs with a last minute 84-77 victory. The Knicks were ahead almost constantly until a final Baltimore rally.

Dick Button To Take New Honors

Colorado Springs, Colo., April 2 (AP)—Richard Button was well on his way toward annexing another senior men's national figure skating title today, but Gretchen Merrill had a fight on her hands for the women's crown.

For Button, the national championship will complete a grand slam of the world's major ice skating titles. He won the Olympics, world and European titles in Europe during the winter.

The 18-year-old Englewood, N. J., youth was far superior to his four opponents in the compulsory figures yesterday. Scores in free skating contests tomorrow night will be added to the figure skating points to de-

To Decide Class B Court Title Tonight

Lancaster, Pa., April 2 (AP)—The first of the PIAA basketball championships is down for decision tonight with Irwin high of Westmoreland county defending its Class B title against Bridgeport.

Tomorrow night in Philadelphia, Ford City and Norristown will clash for the Class A crown.

A crowd of over 2,000 is expected to jam the McCaskey high school gym for the Irwin-Bridgeport fray. Irwin entered the finals by defeating Kane 56-38 for the Western Regional title. Bridgeport nosed out Swoyersville 40-38 for the Eastern championship.

Irwin has the speed, Bridgeport the height in the battle for the coveted honors.

Sports Roundup

By HUGH FULLERTON, Jr.

New York, April 2 (AP)—It was about this stage of spring training that the fabulous fictional busher penciled on a postcard: "Dear Mom; I'll be home soon. They're starting to curve 'em now." . . . Countless youngsters are writing the 1948 version of the same thing, and among them are a few older men who probably hesitate to write at all.

These are the fellows whose sore arms, creaking legs and aching muscles aren't responding to training as they should. . . . They may come around in time, but if they don't it means the end of a career and the beginning of a search for a new way to earn a living.

CLINICAL REPORT

To pick a few examples, the Yankees' Bill Bevens, who came within inches of pitching the first World Series no-hitter last fall, came up the other day with a sore arm so painful he insisted he was "through." . . . And ancient Bucky Walters keeps punishing himself by throwing with a wing that jumps like a toothache every time he cuts loose. . . . And in the Boston Red Sox camp there are three pitchers who must be listed as "doubtful"—and with them the club's pennant chances. Boo Ferris hasn't regained his control and winning form of 1946 and they say he still is "aiming" his pitches. Mickey Harris, who had arm trouble last fall, hasn't yet succeeded in reducing his weight and Tex Hughson's form is doubtful. . . .

Then there's Charley Keller, striving to regain the power he had before his back was injured; Ray Sanders, trying to break into the Dodgers' infield under the handicap of a bad arm; John Grodzicki, battling to overcome a war injury; Terry Moore, whose shaky knees apparently aren't getting better; and others too numerous to mention. . . . You wonder what these guys think and say when, with the training season almost over, they sit down to write the folks at home.

THE LEASE SAID THE BETTER

Bill Manley, Jr., son of the international league secretary, is about to be married to Eileen Patricia Sargent, step-daughter of Bill Skiff, the Newark manager. . . . And, like most young folks, they've been having a heck of a time trying to find a place to live. . . . Finally young Bill came up with an apartment that seemed perfect—right size and location and not too much rent. . . . He was just about to grab it when the prospective landlord remarked: "There's one thing I forgot to mention. If you take the apartment, you have to take my mother-in-law as a boarder, too."

Derby Preview At Jamaica Saturday

New York, April 2 (AP)—Eastern racing fans will get their first full preview of top Kentucky Derby candidates tomorrow with the running of the \$20,000 experimental free handicap at Jamaica. From ten to a dozen three-year-olds, about half of which will be making their first outing of the year, are expected to parade to the post in this six-furlong test. One derby hopeful—King Ranch's better self—made an impressive showing in Jamaica's opening day feature yesterday, outrunning 12 older horses in the Paumonok handicap.

Principal interest tomorrow is expected to center on the sophomore debut of Belair stud's pair of Whirling Fox and Gangway, and the Marylander W. L. Brann's Escadr. All will be going out for their first three-year-old engagement.

BULLETS JOIN NEW CAGE LOOP

Gettysburg, Dickinson and Franklin and Marshall colleges have formed a new division of the Middle Atlantic Basketball conference and will extend invitations to three other colleges to join the new circuit.

The move was made at a meeting Wednesday at the Penn-Harris hotel, Harrisburg, attended by the athletic directors, Dr. Horace E. Rogers, Dickinson; C. E. Bilheimer, Gettysburg, and W. Austin Bishop, F. and M.

It was reported that Gettysburg has resigned from the Northern Division of the conference. This could not be confirmed here today. Other members of that division are Lafayette, Lehigh, Bucknell and Muhlenberg.

Today Doctor Rogers will send written invitations to the other three schools, the names of which are not being announced temporarily. It is asked that the answers be returned by April 15 and then a meeting of the new group will be held in Philadelphia during the Penn Relays on April 23-24.

The Middle Atlantic conference now has three divisions, the northern, southern and western.

Sport Shorts

New Haven, Conn., April 2 (AP)—Joe Verdeur, the wild man of the tank, defends two of his National A.A.U. indoor swimming titles today—the 220-yard breaststroke and the 300-yard individual medley. Joe, "in wonderful shape" last week swam the shorter 200-yard breaststroke, his specialty, in spectacular 2:14.7, bettering his own world record time by more than two seconds. A LaSalle college student, he's representing the Brighton Club of Atlantic City, N. J., in this meet.

Training Camp Briefs

(By The Associated Press)

Clearwater, Fla., April 2 (AP)—Manager Ben Chapman of the Philadelphia Phillies is predicting a bright future for Rookies pitcher Robin Roberts.

"With even one year in Triple-A, that kid will be a winner," Chapman declared.

Roberts, fresh off the Michigan State campus, is attracting considerable attention. Umpire Bill Stewart said of him: "He's one of the best young pitchers I've seen for many years in any camp."

West Palm Beach, Florida, April 2 (AP)—The Philadelphia Athletics break camp and head home today with a full schedule of exhibition games en route.

The A's meet Washington Saturday and Sunday at Orlando, Fla., then they have stopovers scheduled at Moultrie, Ga., Birmingham, Atlanta, Lexington, N. C., Martinsville, Va., and Baltimore.

Phoenix, Ariz., April 2 (AP)—Buddy Kerr, slowly recovering from a sore arm, is due back in the lineup for the New York Giants today when they meet the Pittsburgh Pirates. The Giants have won five of seven runs. A four-master by Bobby Thompson in the ninth gave them a victory yesterday. Pittsburgh also showed that its home run production is approaching top form. The Bucs collected only four hits but two of them—by Ralph Kiner and Ed Stevens—were of the four base variety.

Jewish Food Convoy Stopped By Battle

Jerusalem, April 2 (AP)—A Jerusalem-bound Jewish food convoy reportedly tried today to blast through fierce Arab gunfire in the Judean hills.

Early, scant reports said it was thrown back with loss of life on both sides.

The convoy, trying to get food to the beleaguered Holy City, has been stalled by Arab guns for two days only 15 miles from Jerusalem's gates. Arabs have dug in on the Judean hills commanding approaches of the Tel Aviv-Jerusalem road.

Jewish sources reported 17 Jews and some 30 Arabs were killed in the convoy's first effort Wednesday to crash through to Jerusalem's hungry Jews.

LABOR LEADER MACHINEGUNNED IN EAST SICILY

By Frank Brutto

Rome, April 2 (AP)—A Sicilian labor leader was machinegunned to death today and two persons wounded as violence broke out again in the midst of Italy's election campaign.

Dispatches from Palermo, Sicily, said Calogero Cangelosi, 36, secretary of the labor federation at Camporeale in Eastern Sicily, was shot and killed at midnight.

Two of his companions also were caught in the burst of machinegun fire. The unknown assailants escaped.

A nationwide strike has been ordered for next Thursday in protest against the disappearance of another Sicilian labor leader, and observers feared the shooting might bring further Communist reaction.

Push Campaign in South

Politicians swung into Southern Italy today where votes are expected to weigh heavily in the April 18 parliamentary elections.

The south of Italy is regarded as mainly rightist, the north as heavily leftist. Communist Chief Palmiro Togliatti spoke in Matera, near the arch of Italy's boot. He promised that the Communist party would bring "A new civilization to the southland."

To the northeast, at the seaport city of Bari, Giuseppe Togni, Christian Democrat minister of Economic coordination, attacked extremist "chatter" and told listeners to look at reconstruction figures of the De Gasperi government.

He declared Premier Alcide De Gasperi's Christian Democrat party is "the only great dike against Communist barbarity."

Back Seat Driver On Job In Court

Pasadena, April 2 (AP)—Backseat driving had its day in court in Edgar A. Pratt's case.

Pratt, 52, pleaded guilty yesterday to a minor traffic violation. Up rushed a woman saying, "I told you to plead not guilty."

"She's my wife," explained Pratt to Judge J. Russell Morton.

The plea was changed to innocent and trial set for April 13.

SENATE VOTES EDUCATION AID

Washington, April 2 (AP)—Whether the government will give \$300,000,000 in federal school aid to the states next year depends on the House. The Senate approved such a measure late yesterday, 58 to 22, after a week's debate.

But there were no plans in the House for immediate consideration of the bill which Senate supporters have hailed as providing an added weapon in the war of words against Communism.

An education aid bill somewhat similar to the Senate's was approved nearly a year ago by a House public welfare subcommittee. But the full committee has never acted on it.

Senator Taft (R-Ohio), one of the authors of the measure, said: "This bill is for the purpose of providing a minimum education opportunity for the school children. I think there is nothing more important to the welfare of the people of the United States."

The final Senate vote cut across

party lines with 27 Republicans and 31 Democrats supporting it. Twenty-two Republicans and five Democrats were opposed. The bill contains no provision for funds. These would have to be voted in separate legislation. It would permit such an appropriation for the year starting July 1, if the House approves it by then.

Boxing Semi-Finals By NCAA Today

Madison, Wis., April 2 (AP)—An unbeaten trio of defending champions led a field of 32 of the nation's top collegiate boxers into today's semi-finals of the NCAA boxing tournament.

The three scored five decisive triumphs between them in opening and quarter-final matches before 21,000 fans in the University of Wisconsin fieldhouse yesterday. All are favored to repeat as NCAA titleholders and win berths in the U. S. Olympic trials at Boston in June.

FIFTEEN YEARS AGO

Japan Quits League: Tokyo, March 27 (AP)—Japan formally ended today a membership of more than 13 years in the League of Nations.

The final action was taken by the privy council and the long-awaited decision was transmitted to Geneva with the approval of Emperor Hirohito.

In a rescript issued to his subjects, the emperor said that despite secession, Japan intends to continue co-operation in the league efforts to assure peace and maintain friendly relations with other powers.

The emperor explained the action "follows a disagreement in the empire's policy in support of Manchukuo and opinions of the league."

Miss Sachs was chosen from a large number of soloists who were subjected to a severe test before the selections were announced.

Nazis Enforce Jewry Boycott: Berlin, April 1 (AP)—Brown shirted Nazis with buckets of paint tramped through Berlin's business section today, stopping at each shop run by a Jew and splashing across each show window a sign identifying the place.

At their heels followed holiday crowds. The day of the boycott ordered by the National Socialist party against all German Jews coinciding with April Fool's Day and Bismarck's birthday, brought more people downtown in the balmy sunny weather than had been seen for sometime.

Each time the brown shirts stopped to hang up a placard, crowds clustered about them. "That's right," they said "Freeze them out, then we'll take over their shops."

Choir of Ministers: A capacity audience attended the concert in the United Brethren church Thursday evening to hear the United Brethren choir, composed entirely of ministers.

The choir was assisted by Mrs. Carroll Kimes, soloist, of Wilmington, Del.; Mrs. Carrie Wine, Westminster; and by Miss Dorothy Shears and Miss Mildred Daugherty, Gettysburg.

Seminary Musicians at Reformed Church: Twenty-five young men, students at the Reformed church seminary, Lancaster, composed the choir which presented a sacred concert in the Trinity Reformed church Thursday evening. The church was crowded with an appreciative audience.

Dr. Harry Sykes, director of the choir and professor of church music at the seminary, opened the concert with a prelude on the organ.

54 Girls at Anniversary Dinner: Mrs. Henry W. A. Hanson was guest speaker at the Business and Professional girls' club banquet held on Tuesday evening at the YWCA, commemorating the sixth anniversary of the founding of the organization.

Miss Ethel Culp presided as president.

Today's Talk

THIS THING BEAUTY

A love of beauty is born with us. It is inherent. And God, the Creator, knew of its power, so he planted it everywhere—and in his great realm of this earth it is free to all, no matter what the circumstance of birth or fortune.

Keats it was who said that "a thing of beauty is a joy forever." And no statement could be truer. Whatever we surround ourselves with, that is beautiful, has its effects upon our outlook in life, and influences our thoughts and conduct, long after we have nothing but the memory to linger with us.

I shall never forget my first views of the mountains of the West, and of the great trees of California, of the Canadian Rockies and of Yellowstone Park. Such breath-taking beauty. And the serenity of Lake Louise near Banff, and the surrounding country. But all over this globe is to be found beauty, some of it so tucked away in quaint places that the mere discovery is an event in itself.

I like beautiful books in lovely bindings, and printed on rare or hand made paper. All forms of art, however, are intriguing and have rare appeal to the senses. A love of beauty should be early encouraged, especially among children, when the mind is plastic and receptive. Then, all through life it will grow and enrich all experiences.

The beauty of Hawaii will forever remain with me. Its cloud formations, with rainbows almost a daily spectacle—sometimes several a day. And the fragrance and beauty of the exotic flowers. Where else can such a heaven be? The songs of the islands and the dances of the young seemed like unwritten poems to me, where I witnessed them. The strains of that beautiful song Aloha still echo in my mind and heart.

In every community should have its art gallery and its free library, no matter how humble. They are institutions that increase in grandeur with the years, and pay character dividends that few other institutions ever do. Great art is eternal, as are great thoughts, preserved in books for all mankind. Beauty is soul nourishment.

Tomorrow Mr. Adams will talk on the subject: "Be Still."

THE NEW LOOK PROBLEM
Now when my loved ones ask of me

How long I think the skirt should be,

And should the calf or ankle show,
I have to answer: "I dunno!"

An ignorance total I confess
About the ballerina dress.
Should Betty wear it, Jane or Flo?

I merely answer: "I dunno!"

Time was the skirt my mother wore
Was long enough to sweep the floor.
And when my Nellie first I wooed,
She thought to show her knees was rude.

But, up and down the skirt has gone,
And will as long as life goes on.
And all I've learned of women fair,
Is: what is stylish, that they'll wear.

UNITED FRONT AGAINST REDS URGED BY KING

Williamsburg, Va., April 2 (AP)—Canada's prime minister today called upon nations still free of Russian domination to unite lest they be

destroyed "one by one."

The veteran W. L. Mackenzie King said cooperation to resist "sinister plans" aimed at undermining free governments "is the supreme task of statesmanship today."

He did not mention Soviet Russia by name in an address prepared for ceremonies at William and Mary college where he was joined by President Truman. But there was no doubt of the Prime Minister's meaning.

He said: "Seeds of unrest and anarchy are being sown wherever,

DAIRYMEN ASK HAVE POLITICAL END TO TESTING BEAR BY TAIL

Meadville, Pa., April 2 (AP)—Some 20 to 30 Crawford county dairymen today began a campaign to have their territory exempted from the slaughter of cattle under the Bang's disease control program. They claim inadequate compensation for the loss of the animals.

Led by Attorney F. Joseph Thomas and Leland J. Culbertson the dairymen sought signatures on a petition asking that the county be removed from the control area.

Thomas said he was unable to obtain from State Secretary of Agriculture Miles J. Horst a statement on the number of dairymen who must sign such a petition. Signatures of 90 per cent of the dairymen were required when the control area was set up.

At a meeting here March 12, attended by Secretary Horst, dairymen filed two major complaints: (1) State indemnity payments do

throughout the globe, the soil gives promise of their growth.

"In a word freedom is threatened not only by military force but by an organized conspiracy to establish a tyranny over the human mind, to thwart the wills and destroy the souls of nations as well as of men."

Canada's war-time leader, Mr. Trumana, who was to speak extemporaneously; Virginia's Gov. William M. Tucker, and Viscount Alexander, Governor General of Canada, were awarded honorary degrees.

Harrisburg, April 2 (AP)—State AFL leaders had a legal bear by the tail today—how to raise \$500,000 to repeal the Taft-Hartley law without violating the law itself.

The problem stumped a meeting of the state AFL league for political education here yesterday.

The league, a political branch of the Pennsylvania Federation of Labor, is pledged to bring about the defeat of all 27 of Pennsylvania's Republican Congressmen who voted for the Taft-Hartley law last year.

But how to raise the funds is a real problem since the law prohibits the expenditure of union funds for political activity.

Herbert Simon, counsel for the state AFL, offered a tentative solution. He suggested that local union officers refrain from soliciting donations at regular meetings. "What you can do instead," he explained, "is call a separate meeting afterwards and go into the question of politics and contributions."

not recompense owners for the loss of cattle worth about \$200 a head, and (2) state blood tests are made so seldom they do not prevent Bang's disease from spreading through and destroying whole herds.

Attorney Thomas released the text of a letter from Horst which he said gave no promise of relief to the dairymen and indicated that the state program would not be changed.

EX-JUDGE FACES CONTEMPT CASE

Lewisburg, Pa., April 2 (AP)—Former U. S. District Judge Albert W. Johnson, of Lewisburg, faced a contempt citation today for failure to produce records of the sale of the Williamsport Wire Rope company.

The citation was requested by Charles R. Bidelspacher, counsel for former stockholders of the wire rope company, who are seeking to have the firm's transfer to the Bethlehem Steel company, in 1937 set aside.

Johnson appeared yesterday as a witness in a hearing on a petition to set aside the sale. The wire rope company was sold while in receivership and under Johnson's jurisdiction.

Bidelspacher made the contempt motion after Johnson failed to obey his request to appear with all papers and records he had bearing on the wire rope company.

The 73-year-old former jurist, who retired in 1945 at a time his official conduct was under investigation, said he had been unable to find anything bearing on the case. He said two cartons of papers returned to him by the U. S. government last year had been given to a trash man.

Bidelspacher made the contempt motion after Johnson failed to obey his request to appear with all papers and records he had bearing on the wire rope company.

U. S. Marines, Released By Chinese Reds, Tell Of Capture By Communists

FIFTH MARINE WAS SLAIN BY GUNFIRE BLAST

By JACK HOGAN
(Associated Press Photographer)
Tsingtao, China, April 2 (AP)—Four U. S. Marines released by the Chinese Communists after three months' captivity said today they were fired upon without warning by the Reds.

Cpl. William L. Pollard of Fort Worth, Tex., said the fifth Leatherneck in the Christmas duck hunting party fell mortally wounded in the first blast. He was Pfc. Charles J. Brayton, Jr., Governor's Island, N. Y. Released at the coastal city of Haiyang north of here yesterday, the four marines said in an interview they did not know the Chinese they saw Christmas Day were Communists.

Opened Fire Point Blank
"We thought they were Nationalist troops, so we waved our hats and hollered 'Meikuo' (American Marines)," said Pollard.

"Then they opened fire point blank at us from about 200 yards."

Pollard said the marines did not return the Communists' fire.

"When the Reds stopped firing, we stood up from behind the jeep where we had run for shelter," he went on. "I saw Brayton lying on his back. He was bleeding from a wound in his arm."

Pollard said the Communists refused to let the Marines administer first aid to Brayton.

Brig. Gen. G. C. Thomas, commanding Fleet Marine Forces in the Western Pacific, said Brayton's body would be returned to marine headquarters here in a few days. He did not elaborate.

They Were "Poor Shots"
Pollard said the Communists were "poor shots—otherwise we all would have been killed."

After refusing to permit them to give first aid to the wounded marine, Pollard said, the Reds made them put Brayton into the jeep.

"That was the last time we saw him alive," he added.

"The only wound we saw on him was in his arm, but later one of the Communists told us he had two wounds in his chest and that he died in a first aid station."

The other marines, liberated after three months of negotiations between the navy and the Communists, are Pfc. Carrol W. Dickerson, Olathe, Kas., Pvt. Robert Hart, Pittsburgh, Pa., and Pfc. Thomas Kapodistria, Buffalo, N. Y.

Not Mistreated
The Marines said they were guarded constantly, but not mistreated. Most of their time as prisoners was spent in a small village between the seaport of Chefoo and Laiyang, on the Shantung peninsula.

Pollard said they did not know until the night before their release that the Marines and Communists had been negotiating. He said they suspected it, however, about March 1 when they received American cigarettes and medical supplies from Communist headquarters.

They also received food and medical supplies dropped by Marine planes. The planes, early in January, dropped leaflets in Communist territory which brought about the negotiations. Authorities said the four were given medical checkups immediately upon their release and were found to be in good health.

Pollard, chosen spokesman for the four, said flens were their worst nuisance. But they also got fed up on the grub—mostly beans.

Pollard said they were questioned constantly by Communist officers about American military strength at Tsingtao. He added that the Reds tried to get them to say they were

MORE STEEL FURNACES ARE CLOSING DOWN

Pittsburgh, April 2 (AP)—The steel industry, maker of raw materials for most U. S. manufacturers, set itself to take body blows next week. Its only hope: That the soft coal walk-out ends quickly.

Already 44 furnaces have been shut down and 13 others will be banked within a few days. Announced layoffs will push the number of idle steelworkers to at least 50,000 within the next six days.

The Tennessee Coal, Iron & Railroad company said its Ensley steel works will be shut down completely Sunday night. Its closing will trim the Birmingham district's steel production rate from 68 to 45 per cent of capacity. It had been operating at 100 per cent before the mine shutdown.

The number of idle workers, not counting miners, will rise to 10,000 in the Birmingham area. The Ensley works alone employ 8,800 of whom 2,000 already have been laid off. A total of 10 blast furnaces and 11 open hearths will be idled in the district when T.C.I. completes the Ensley cutback.

At 68 per cent of capacity, Birmingham had estimated its production loss at 22,000 tons of steel ingots per week. The new cut would raise the weekly loss to about 35,000 or 40,000 tons.

In West Virginia, the Wheeling Steel corporation, said the coal shortage will make its 14,000 employees idle April 8. The Weirton Steel company with plants at Weirton, W. Va., and Steubenville, Ohio, said it will close on the same date, 12,000. About 5,000 steel fabricating plant workers in the area will be laid off about the same time.

Other thousands of steelworkers already were idle in New York, Utah and Pennsylvania.

The gross U. S. farm income from dairying in 1947 topped five billion dollars.

CITE EDUCATION "INADEQUACIES"

Washington, April 2 (AP)—Over one-fourth of the men rejected for military service in World War II for insufficient education were from six southern states, the National Education Association said Thursday.

The 12 states with the highest percentage of rejections for educational deficiency were southeastern and southwestern states, an association survey of Selective Service figures said. But it added:

"It cannot be said that the educational inadequacies are entirely the fault of the states concerned. Southeastern and southwestern states cannot afford to buy the relatively high quality of education which the wealthier states are able to purchase."

The number of men rejected throughout the United States solely for educational deficiency—659,392—would have constituted 40 divisions, twice as many as the combat divisions used in the South Pacific operations," the report said.

The percentage rejected for lack of education, and the average spent per child during their school years, sent into Communist territory by high-ranking officers to "create an incident."

RUSSIA TRYING TO FORCE ALLIES OUT OF BERLIN

DEWITT MACKENZIE
(AP Foreign Affairs Analyst)

Russia has made a daring—and dangerous—move in decreeing pre-emptive and obnoxious inspection of American, British and French railway trains bound for Berlin, which lies inside the Soviet Zone of Occupation.

By taking this drastic step the Muscovites have, of course, made a direct challenge to the other three allies. It is a sort of schoolyard bully's "I-dare-you-knock-the-chip-off-my-shoulder" affair.

The purpose of this move, as viewed by authoritative sources in Washington and Berlin, is to create a situation calculated to force the Western Powers out of the German capital, which has been in joint occupation ever since the war. The Bolsheviks if successful would thus have complete possession of the rich eastern portion of the Reich, including its capital, which not only is the hub of European transportation but is the apple of the German eye.

The reaction of the Western Allies was what the Russians must have anticipated—refusal to submit to such inspection. However, Gen. Lucius D. Clay, the two-starred American military governor, put after his refusal an exclamation point which the Reds scarcely could have expected. The general announced, without fuss or feathers, that the Americans would use airplanes to carry passengers and freight into Berlin to the U. S.-controlled Tempelhof airfield.

Pushing War of Nerves
That very neatly puts it up to the Russians to declare their intentions. They now must take the initiative. So far as one can see, the only way they could prevent the Americans and other Western Allies from employing airplanes would be to use

Find Battered Body Of Man In Creek

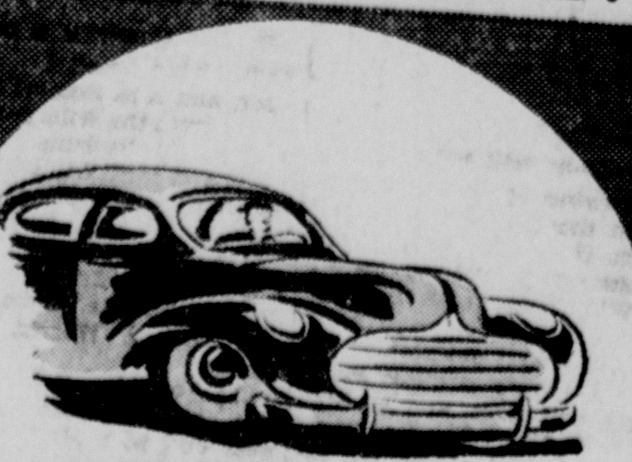

Philadelphia, April 2 (AP)—The battered body of a middle-aged man was found partially buried in the mud of Darby creek and Delaware county Detective Earl Allen said he believed the man had been murdered.

Dr. James W. Dunn, coroner's physician who performed an autopsy last night, said the man died of a skull fracture but also had suffered a crushed chest and an injured vertebral.

Allen said all of the man's clothing, except a high black shoe and a white sock on the right foot, was missing. The body was that of a man between 40 and 60 years old and of medium height, Allen said, and apparently had lain in the icy water at least a month.

The body was found in a small inlet of Darby creek, 75 yards above its juncture with the Delaware river. The discovery was made by Kenneth Lawrie, 17, while searching for his dog.

Cause Of Barn Fire Remains Unknown

The cause of the fire which destroyed the barn and hay shed of James Coppersmith on Thursday noon located in Union Township about four miles east of Littlestown still remains unknown. In addition to the two horses, two cows and a heifer reported destroyed it was reported after the fire that some chickens also were destroyed.

At the time, the fire was discovered, shortly before noon, Mr. Coppersmith and a son were alone. Mr. Coppersmith was located and returned home just before the firemen left. Mr. Coppersmith was unable to estimate his damage. He carried some insurance but doesn't know whether it will cover the loss.

Alpha Fire company No. 1 responded with one truck and the Pleasant Hill Fire company with two trucks. When the firemen arrived on the scene the fire had made such headway on the barn that it was impossible to save any portion of it, so the firemen directed their efforts toward saving the house and the outbuildings. The firemen used water from booster tanks, and they remained on the scene about two hours.

To Enter Team In Softball League

The Young Men's Bible Class of Redeemer's Reformed church, Dr. Richard M. Phreaner, teacher, was held Wednesday evening in the social hall of the church. In the absence of the president, Stewart Long, the vice president, Elmer Dutterer, presided. The pastor, the Rev. Frank E. Reynolds, was appointed to represent the group in the softball league which is to be formed in the community. Francis Mummert will be player-manager of the team. The team will hold their first practice next Thursday evening on the playground.

The class is extending an invitation to the men of St. Paul's Re-

munity. Games were played following the business period.

The Rev. Kenneth D. James has announced that a very important congregational meeting will be held in St. John's Lutheran church at 10:15 a. m. Sunday. It will be necessary to spend either a great deal to recondition the present pipe organ or a new organ will have to be purchased, church officials say. The members are urged to be present to decide this very important matter.

Mr. and Mrs. Charles Ritter, South Queen street, returned from New York city where they spent several days.

MOTHER OF 10 WINS PA. TITLE

York, Pa., April 2 (AP)—Mrs. Emma Campbell Cocklin, York county farm woman, who holds the title of Pennsylvania State Mother for 1948, says there is a lot of happiness in large families.

And Mrs. Cocklin should know—she is the mother of 10 children herself.

But she agrees there are sometimes other factors involved which may intervene, and adds, "large families are up to the individual."

Mrs. Cocklin was selected for this honor by a committee headed by Mrs. H. S. Weaver of New Kensington. She was nominated because of her interest in community work. Despite household cares, she was active in several civic enterprises as well as the Red Cross during World War II.

Six of her sons and daughters served in the Armed Forces during World War II, including her twin

formed church, New Oxford to meet with them on Wednesday, April 21.

At the close of the meeting, refreshments which were furnished by the teacher were served to the group, after which they played dart baseball and ping pong.
